SUPPLEMENTARY INFORMATION: The proposal consists of 39.14 acres of airport property (Tract 1) which is part of 306.12 acres that was purchased with Federal Aid in 1958 under FAA Grant 9-03-010-5901.

The land requested to be released for continued non-aeronautical use is outside of the forecasted need for aviation development and is not needed for indirect or direct aeronautical use. The Airport will retain ownership of this land and ensure the protection of Part 77 surfaces and compatible land use. The income from the conversion of these parcels will benefit the aviation community by reinvestment in the airport.

Approval does not constitute a commitment by the FAA to financially assist in the conversion of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the conversion of the airport property will be in accordance with FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the *Federal Register* on February 16, 1999. In accordance with section 47107(h) of Title 49, United States Code, this notice is required to be published in the Federal Register 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.
